

DDS&T 2528-82

26 MAY 1982

NOTE FOR: Director of Central Intelligence

In accordance with your request, attached is a draft letter from the President to Les.

Also attached are draft statements which might be considered for release internally or to the press. As I understand it, our practice in the past has generally been to announce someone's appointment rather than his departure. Hence, I have given a copy of these draft statements to [redacted] for his recommendation directly to you as to how we should proceed.
